- Outside the 48 contiguous states will be charged the actual charges for shipping and be responsible for any customs or duties.
- Most rolls are packaged in individual poly bags and wound on a 3" heavy duty core.
- Tolerances: Width (+/-) 1/8". Length: 45 – 55 yards.

#### Shelf Life:

We only guarantee our tape to be useful for up to 1 year from date of purchase if it is stored at room temperature, 65 – 75F, indoors. Tape that is stored in any other condition has no guarantee.

#### Splices:

There may be 1 over-lap splice and 2 sewn seams that may occur per roll. Generally, extra material is added to the roll to compensate. Please note that the tape may not always tear straight. This is something we have no control over and is not considered a defect by AATC.

#### Defects:

Any defect in workmanship, performance or quality will be determined based on if the tape is no longer fit for use and does not meet our published performance specifications. Any claim will be handled either via credit on a future order or replacement at our discretion. AATC is not responsible for shipping charges.
